

BASHER ABANDONED

The BASHER event planned for this Saturday, 19th January, has been called off. The flood conditions have meant that few school crews have been able to get afloat on a regular basis and so are not ready to race so soon in the term.

The decision may have come as a relief to Andy Thomas, the boatman, as he does not have a vehicle to tow the boats to Eton or anywhere else. The previous vehicle expired last year and it is hoped a replacement will be found soon.

The new ergo room near the Athletics track ought to be constructed in the next week or so. The concrete plinth is there - we just need a shed to go on it.

Provisional Head Dates – Lent 2008
