RADLEY

Common Room Leavers' Film - Trailer

This year, Radley says goodbye to a number of long-serving members of Common Room. To mark their departure, Radley Video sat down with Anthony Williams, Stephen Rathbone, Richard Greed, Ian Yorston, George May and Gaby Dalrymple, who have each given more than 15 years of service, and asked them to reflect on their careers, share memories and funny stories, and give their hopes for the future.

We will share these videos via Bulletin and across our social media channels in the next few weeks, but this trailer will give a flavour of what to expect. Laughter, tears and everything in between. We hope you enjoy these unique long-form interviews, interspersed

with archive video footage. YouTube subscribers will get a notification when the video goes live. **[Click here to subscribe.](#)**

Talking Heads Webinar with Chloe Combi

Did you know the most popular social media platform for younger teens is NOT TikTok (and there's a worrying reason for that)? Do you know who the next Andrew Tate is? Do you know how much money social media companies make from your child's scrolling every year?

If you'd like to learn more, please sign up for our Talking Heads webinar on Tuesday 20th June, 18:00. Generation Z expert, government advisor, author, podcaster and auditor of our Respect Project will discuss the newest and most confusing trends in 'teen world'. Chloe will share cutting-edge research from her new book *How to Save the World*, and will answer questions about teenagers' relationship with social media. [Register here](#).

News

Stronghold

Congratulations to the Shells for their end of year play, *Stronghold*. The production, directed by Amber Wiles, was devised by the cast and explored timely issues surrounding disinformation and the climate crisis. The 27-strong company gave brilliant performances on stage and 'behind the scenes'.

Harry for England

Second Prefect, Harry Markham (6.2, G Social) has been selected for the England U21 hockey team. He will play in the upcoming fixture against The Netherlands next weekend. Harry has been a dominant force in our hockey teams throughout his five years here and this is a fitting end to a brilliant sporting career at Radley.

Navy CCF Weekend

44 Removes had a thoroughly enjoyable weekend taking part in a range of activities

Gehandhu Exchange

This week, we welcomed two teachers from the Gehandhu School in Mbulu,

including sailing, canoeing, climbing, and coracle building. It appears the boys were inspired as an overwhelming majority have reported a desire to do more adventurous activities at Radley. Staff were impressed by the positive attitude and demeanour of the boys.

Tanzania. Radleians have visited Gehandu many times since 2012 and it was a pleasure to return the favour and give Gabdiel Bei (Headteacher) and Embi Jume (Head of Chemistry) an insight into Radley life. We look forward to furthering our long-term relationship with Gehandu in the years to come.

Congratulations to these boys who have been 'selected' for the ARW XI for their performances in the matches against Eton. During these fixtures, boys were raising money for Cricket Builds Hope, a charity using cricket to enact positive societal change in Rwanda. They are close to achieving their fundraising target of £2,000, so if you are able to support their efforts please [donate here](#).
