Job Overview

We have an excellent opportunity for a Graduate Assistant to work at the school from September 2025 to August 2026. The position is designed to give recent graduates in Mathematics (or in a Maths related subject) the opportunity to gain experience of teaching Mathematics to 13-18 year olds.

Mathematics is extremely strong at Radley. It is always the most popular choice at A level, and numbers are growing year by year; Further Maths is also extremely popular. Maths always produces some of the best results in the College and we expect in excess of 90% A*/A at A level. At IGCSE we run a policy of accelerated entry with about 60 students sitting IGCSE one year early, before taking a course of extension material in the Fifth form, leading to a qualification in AQA level 2 Further Maths.

Graduate Assistants teach a reduced workload - about 12 forty minute periods per week. We will give the necessary training, and also provide the opportunity for lesson observation. We have had great success in Graduate Assistants moving to full-time appointments at the College, but this is not an expectation.

In addition to a salary of £23,400 pa (which will be reviewed over the summer) the College will provide accommodation, and meals during term time, all free of charge. In short, the person we hope to appoint will be an enthusiast for Mathematics, who is considering a career in teaching. The opportunity we are offering is to 'try before you buy' with plenty of help and support, and the added bonus of a salary and accommodation.

Pay & Benefits

- This position comes with accommodation which is free of rent, council tax and water rates
- Free meals during term time
- Reduced membership of Radley Sports Centre and access to other facilities on site
- Reduced membership of 9-hole golf course
